Circle Glass's Aluminum Door Grilles Offer:

- Exceptional strength
- Extruded frame construction
- Exclusive "close weave" mesh keeps children's fingers from getting caught.
- Fits doors 30", 32" and 36" wide.
- Five finishes to choose from plus mill finish.

Assortments

Note: Satin finish is an anodized version of the mill finish. The satin anodized finish is ideal for consumers who wish to custom paint their door grille. The anodizing process also leaves a clean, satin look to the door grille for those who do not want a painted finish.
